

EPIGNOSIS

Team up with Epignosis, and let's grow faster together!

We're an award-winning eLearning technology vendor. Partner with us on our mission to democratize eLearning:

A partner that becomes your competitive advantage:

- Feature rich solutions at **disruptively affordable** pricing
- Outstanding, **low-touch support** solutions designed with a focus on **ease of use, automation, and intuitive setup**
- **Large margin opportunity** and **reduced sales cycles** compared to the competition
- **Minimal administration and adoption risks** with solutions awarded for their ease of use
- **Reduced implementation time and faster ROI** with a payback period that beats the category average

A partner for all your customers' training needs:

- TalentCards - our **mobile micro-learning solution**, and web editor to push bite sized learning in real time to **native mobile apps, for non-desk workers**
- TalentLMS - our **lean and mean cloud based LMS**, hailed as incredibly **intuitive** and **easy to use** while packed with **full feature-set** to support a variety of use cases
- eFront - our **Enterprise LMS**, with **advanced features** and **flexibility** to support any specific need and the most demanding customers. Available **on-premise** or on the cloud, can be integrated into legacy systems

Award winning solutions and loyal customer base

- 6000+ existing customers • 60 award wins
- 4 million learners trained • Net renewal rate > 100%
